Doing Well With Alaska Colony

INTERESTING LETTER FROM GRAYLING WOMAN

Following is an interesting letter from the Fitzpatrick's, who are pioneering in Alaska:

Palmer, Alaska
July 29th, 1935

Dear Mrs. Reynolds:

Received your most welcome letter tonight and I surely was glad, for it seems we are so far away from everyone we know. But we are just fine and I am sure getting fat again. The children are well, and so is dad. He caught a big king salmon today. There aren't any deer here but lots of bear, and the moose and caribou come in the valley in the fall. Ted and dad are just waiting for that time to come.

Ted is out hauling lumber tonight, for our house. He has the basement and floor in now. They are hauling 2x4 and it will be about three weeks before it is finished, for they are all finished inside with veneer. I have all my furniture ordered so it is going to be nice.

You don't need to worry about us for we are going to be fine. You know there is always a bunch of howlers every place, and there are a lot here. They just don't want to do a thing to help themselves. And Ted always could work, so I don't worry. We have two cows and a hog and we are going to have a team in the spring. There isn't anything we want that we can't have, and that is better than we ever had before.

We live in the valley and there are beautiful snowcapped mountains all around us. You can look out and see them anytime and it is beginning to get dark here for a couple of hours around midnight, but it has been light nearly all the time since we have been here. The country is nice. I like it, and so does Ted.

I called the Hotel in Seattle and tried to get Owen, but couldn't and we went to Aunt Nets in Tacoma and had a grand visit for two days before the boat sailed. We certainly enjoyed our trip. It was wonderful. The scenery was beautiful coming through the Rocky Mountains but our mountains here are just as nice. We are not far from Mt. McKinley, the largest mountain in North America.

We are about thirty miles from a fair sized town. That is Anchorage. We don't get to town very often, but I don't mind.

We are all getting a supply of rain clothes, for the rainy season is about to start. They have a rainy season like in Washington but everyone wears rain clothes and goes out just the same.

Patsy Ann can walk now, she was a year old the 22nd of last month.

You mailed your letter on the 10th and I received it on the 29th. So you see, it takes a long time to get a letter.

The other two families that came with us from Roscommon went back. They said they didn't like it here. But they both had mothers back there and I don't blame them for going back. If I had my mother, I wouldn't be here, but with Dad

here I am perfectly happy and we are going to stay and try it, anyway.

I know all the terrible things you are reading in the papers, but those reporters must live and they get paid for that. But don't worry about us, for anytime we don't like it, we can come back. There has been some sickness but nothing like the papers said. You would have thought we were all dead, the way some of them read. Nearly everyone here gets the newspaper clippings from relatives and friends back in the States and some of them are really funny. We get a big kick out of them.

I hope we all stay well this winter, for they say it is pretty cold here, but we all have warm clothes and snow suits and boots, so I think we will pull through fine.

Lots of love to all from all.
Leone Fitzpatrick
and Family.

Victory Comes On Isle Royale

With the issuing by President Roosevelt last week of an executive order authorizing the purchase of all remaining privately-owned lands on Isle Royale and allocating \$705,000 for that purpose, the last remaining obstacle to the establishment of the wild Lake Superior island as a national park seems to have been surmounted.

Under the order, the additional land is needed "for proper protection against forest fires, floods, soil erosion and plant pest from privately-owned lands contiguous to or intermingled with Government-owned land."

The establishment of the Isle Royale as the twenty-fifth national park of the United States will bring to an end 14 years of effort. Site of pre-historic copper mines, the island is a virgin wilderness and a haven for moose and all forms of northern wild life.

Kiwanians Meet At Pontiac Aug. 27-29

At least ten members of the Grayling Kiwanis Club are expected to attend the Eighteenth Michigan District Convention Kiwanis International in Pontiac on August 27, 28, and 29, and President C. G. Clippert hopes the number will be larger.

Pontiac expects to entertain more than 800 Kiwanians, many of whom will bring their wives, and an unusually active program of business and recreation has been prepared. The program starts in reality with registration and several events on Tuesday with an informal Cabaret Dancing Party in the Crystal Ballroom of the Hotel Roosevelt in the evening. The convention continues with plenty of activity on Wednesday and Thursday. It closes with the annual Governor's banquet and ball of the 57 Michigan Kiwanis Clubs on Wednesday evening.

'Listen To Me' Musical Comedy

TO BE PRESENTED TONIGHT AND FRIDAY NIGHT

All is in readiness for the presentation of the two-act all-home talent musical comedy "Listen to Me," and the first performance will be tonight Thursday in Temple theatre, with a repeat performance tomorrow (Friday) evening.

This play is being put on by the local unit of the American Legion Auxiliary to raise funds for their organization and they will appreciate good audiences. It is their first attempt at any public affair and they would like to be able to put it over with a bang.

To go back to the play the entire action takes place in the lounge of the Shelton Hotel, and what a pleasant place it seems to be. Apparently the guests never pay their bills, and the hotel is overrun with pretty girls in colorful costumes. Bell-hops and maids dance through the lounge while creditors are shown in one door and out the other.

Following is the cast of characters, all of whom are well known to Grayling folk:

Mr. Banks, hotel manager - Paul Hendrickson
Dick Marshall, heir to hotel - Howard Schmidt
Alice Richards, heiress - Dorothy Roberts
Bill, a bell-hop - Donald Koivune

Billie, a maid - Clara Atkinson
Frank Weldon, villain - Floyd Loskos

Miss Stuart, villainess - Thelma Chappel
Mrs. Sylvester, widow - Mrs. Roy Trudgen

Elbert Twiss, befuddled guest - Nels Olson
Mr. Corey, lawyer - Wesley Sammons

During the acts there will be a variety of musical numbers and dances by the choruses. Those taking part in the chorus of guests are Benita Chappel, Jean Peterson, Loretta Sorenson, Don Gothro, Don Smock, Jack Callahan. In the dancing choruses maids and bell-boys are Jerry Peterson, Naomi Wheeler, Monica Hewitt, Katherine Peterson and Phyllis Hewitt.

In the clever fire-fly dance, Virginia Peterson, Mary Montour, Virginia Skingley, Laura Rasmussen and Beatrice Peterson take part. Mrs. C. G. Clippert is pianist with Mrs. Roy Milnes as soloist. Edna L. Horton, director.

There will also be specialties between acts that you will enjoy.

If you have not secured a ticket in advance you may get one at the box office either night. The adult admission has been set at a reasonable rate and there is a special low rate for children.

The curtain will rise at 8:15 both nights.

The Auxiliary wishes to call attention of Avalanche readers to the full page advertisement in this issue. It contains messages from leading manufacturing firms, business and professional men that were courteously contributed to help make the play "Listen to Me" a success. Read every advertisement.

Boy Scout Doings

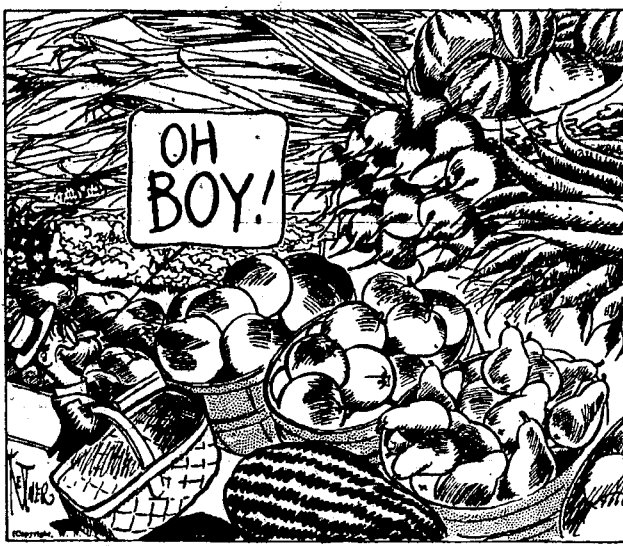

Last week was a bad one for out door camping trips. The abundance of rain limited the Scouts to one overnight trip. However the inactivity will be made up with the return of nice weather.

If enough of the boys return from their vacations a Scout Camp will be established at one of the nearby lakes. A small charge will be made in order that each scout may pay for his own "grub." The tentative date for this camp is set for the last week in August. All scouts should begin saving their pennies and digging out camping equipment.

Any one that has work to be done please notify either Mr. Bond or Kenneth Gothro. There are several of the scouts who are trying to earn money for uniforms, as well as a trip to one of the scout camps next summer. A scout is always willing to do a good job at a minimum charge.

Scouts, be awake and ready when your patrol leader or his assistant calls. Surprise hikes will be coming soon. Keep your pack and blanketroll cleaned up and ready.

A Bumper Crop

'Hollywood Bound' At Grayling Aug. 22

PROCEEDS TO BENEFIT BOY SCOUTS

A troupe of stage players will present their acts at the High School Auditorium next week Thursday evening, Aug. 22.

This entertainment is said to be the choicest program ever presented in Grayling. Musical comedy, a wealth of beautiful costumes, perfectly trained choruses, side-splitting comedy situations, the latest song hits from New York, the very latest in dancing. Tap dancing, acrobatic dancing and showing of the Continental and Rhumba steps. This program is being shown one night and funds will go to benefit the Boy Scouts of Grayling.

"Hollywood Bound" is the name of the show and the actors are comprised of youngsters ranging between the ages of three and fifteen. The same show was presented in Traverse City last month to a capacity audience of 1200 people. The tremendous success they have met in larger places is a fitting tribute to the splendid performance that these young folks are giving.

TAX COLLECTIONS ARE GOOD

According to City Treasurer H. J. Gothro, the general upturn in business conditions throughout the country is being felt in Grayling also.

Mr. Gothro reports that city tax collections are slightly ahead of last year, in spite of the fact that the total tax levy for 1935 is 5 1/2% less than it was in 1934. The total assessment roll last year was \$14,801.67, while this year it is only \$13,986.88.

This certainly may be considered a sign of returning prosperity, since the average citizen pays his taxes only after a bitter struggle with his conscience, and as a last resort. It might be argued also that when taxes are less, people pay them easier, which would also have a bearing on the increase in collections.

Legion Jottings

Last Thursday the Drum & Bugle Corps went to the Bowery for a fast and profitable workout and they showed marked improvement.

Monday evening the Corps practiced in their hall and are showing that Mr. Hussey's instructions were of great importance in drum corps work.

Monday evening the American Legion held their business meeting and Comrades John Erkes and Carlton Wythe were appointed as delegates to the State Convention to be held at Flint, Aug. 24th, 25th, and 26th. The cub bear "G. A. L." was presented to the Legion by Comrade John Deckrow and accepted, to be used as mascot for the Legion, also as a pet. Comrade Deckrow was appointed as trainer for the cub.

Every member of the Drum & Bugle Corps is requested to be present at Legion Hall at 7:15 to-night in full dress uniform. This means Colors and Color Guards. Remember, tonight, buddies.

It is not known yet whether our Drum & Bugle Corps will enter into the Flint parade or not as the parade date has been set for Monday, Aug. 26th instead of former date of Sunday the 25th, making it almost impossible for all members to go. This matter will be decided to-night so let every member be present early. This means "Chief Bear" also.

The Ladies Auxiliary have been holding practice nearly every night for their musical comedy, "Listen to Me" to be presented at Temple Theatre to-night and tomorrow night. This is going to be an all-home talent play and too much cannot be said of how the ladies have been working to make this a success. Let's all turn out and give them a big lift.

Comrades John Erkes was elected as Post Commander; Carlton Wythe, Post Adjutant; Wilfred Laurant, Finance Officer; Wm. Huddleston, Chaplain, and Chas. Tinker, Sgt.-at-arms, for the ensuing year.

REQUESTS NEW POSTOFFICE FOR GRAYLING

A letter from the Postoffice department, Washington, written to Congressman Brown, regarding the application for a new postoffice building at Grayling, says:

"....In this connection, I am pleased to advise you that the report of the Inspector who made a Federal building survey at Grayling has been received. The report contains complete information concerning local conditions and postal requirements at that point and a copy thereof will be transmitted to C. J. Peoples, Director of Procurement of the Treasury Department, for his information.

"You may be assured that when legislation now pending in Congress, authorizing additional funds for public building construction, is enacted, the claims of Grayling will be given careful consideration by the Postoffice and Treasury Departments in making up a new building program."

S. W. Purdom,
Fourth Assistant Postmaster General.

MRS. CLARE JOHNSON PASSED AWAY

Friends of Mrs. Clare Johnson, who, for the past four years has been confined to the Traverse City Sanitarium were saddened to learn of her death, Saturday, at that city.

The deceased was formerly Miss Elsie Markby, whose parents made their home in Mio. She was united in marriage to Clare Johnson in the year 1915 and they, with their family, moved to Grayling in 1927, where they lived happily until Mrs. Johnson became afflicted four years ago.

To the union, ten children were born, nine of whom survive together with the father who is to be admired for having kept the family together and making a home for them all these years.

The deceased was 39 years of age and during the time she resided in Grayling was a good neighbor and a kind and loyal friend.

The funeral was held Tuesday at the funeral parlors at Mio with interment in the Kittle cemetery at that place.

Besides the husband, those who survive are five sons, Howard, Norman, Russell, Lyle and Kenneth; four daughters, Eleanor, Edna, Alice and Doris, all of Grayling; two sisters, Della and Gertrude Markby, of Mio; two brothers, Bert Markby of Grayling and Percy, of Mio; also a half sister, Miss Naomi Markby, and a half brother, Robert Markby, of Mio.

FORMER GRAYLING GIRL DIES SUDDENLY

The many Grayling friends of Mrs. Arlene Adams-Wallace will be sorry to learn of her death that occurred Friday at her home in Detroit. The cause of death was given as a heart attack brought on by sugar diabetes from which she had suffered for several years. The Detroit dailies gave the cause of death as poisoning from eating pie which was erroneous.

Mrs. Wallace with her parents resided in Grayling for many years until they moved to Mackinaw City about five years ago. She attended Grayling schools and was much loved by all her friends of which she leaves a host to mourn her untimely demise. Just a few weeks ago the young woman visited friends in Grayling.

Mrs. Wallace was 20 years old and is survived by her husband, one son Robert, her parents, Mr. and Mrs. Charles Adams, one sister Maxine and a brother, Charles, of Mackinaw City. The funeral was held in Detroit Monday, with interment in that city.

GRANGE PICNIC

The annual Grange picnic will be held at the State park at Otsego Lake on Saturday, Aug. 17th, when Crawford county Grange, and five Granges of Gaylord will have a joint picnic. Everybody is invited to come and bring their lunch basket, and coffee will be furnished by the Granges free.

There is to be a speaker for the day and a program of sports with a tug-of-war between the Grange men folks, a fat ladies race, a girl's race, and a sack race for boys, they to furnish their own sack.

Each picnicer is asked to bring a cup, fork and spoon.

HANSON-BERRY

Of interest to their hosts of Grayling friends is the announcement of the marriage of Miss Norine Berry of Indian River to Mr. Marius Hanson of Grayling. The groom is the son of Mrs. Hansine Hanson and most of his life has been spent in Grayling, and the bride was one of the local high school's popular teachers the past five years. The ceremony was solemnized at the home of the bride's parents, Mr. and Mrs. E. Berry at Indian River on August 1st. Congratulations.

Mr. and Mrs. Wilbur Simpson had as their guests over the week end the former's father, Elmer Simpson, Sr., of Lake City. They are also enjoying a week's visit from their niece, Ellen Mae Simpson, of Stittsville.

DeVere Wolcott was admitted to Mercy Hospital Monday, and in the afternoon of the same day, underwent a serious appendix operation. He is getting along as well as may be expected.

Mr. and Mrs. Charles Corwin and Mr. and Mrs. Earl Broadbent and children drove to Wolverine Sunday where they picked some raspberries. It seems that you pick your own berries and pay four cents a quart for them. They are very plentiful in that locality.

Mr. and Mrs. Otto Cox returned to their home Saturday after visiting the latter's parents, Mr. and Mrs. John Martin, at Sears. They were accompanied home by their daughter Mary Ellen, who has been spending most of the summer visiting relatives there.

Russel and Murvel Beck, accompanied by Bert LaBeau of Roscommon, left Saturday to spend several days visiting relatives and friends at Detroit. Mrs. Andrew Beck accompanied them as far as Saginaw, where she will visit her sister, Mrs. Mae Paylor.

Mrs. Milo Case and her parents, Mr. and Mrs. Frank Brouillet, of Bay City, who were visiting here were amazed last Wednesday afternoon when they saw a huge elk, in the berry woods near Deward. Mrs. Case says that the big fellow had huge antlers and was a great deal larger than a cow. Such a sight in our own locality, would be worth seeing.

CHEVROLET OWNERS: Standard Red Crown is the favorite gasoline of the men who demonstrate their car

THE Winner

BOX SCORE
In a recent survey by a nationally-known research organization, automobile owners in 194 middle west towns and cities were asked this question by impartial investigators:
What gasoline do you usually use when you demonstrate your car?
On the basis of this survey, the ratio of gasoline preference per 1000 Chevrolet salesmen is as follows:

| | |
|--------------------------------|-----|
| STANDARD'S LIVE POWER GASOLINE | 218 |
| Second Brand | 98 |
| Third Brand | 81 |
| Fourth Brand | 71 |
| Fifth Brand | 67 |
| Sixth Brand | 67 |

"We have examined the data on which the above tabulation is based and certify that figures, as shown, are correct."

● This just bears out what's been claimed all along by the men who produce Standard's 1935 gasoline. They've said it has more *Live Power*, more active *working-power*, in other words—power that is more completely converted into *performance* when it gets on the job in an automobile engine. Naturally—any car, old or new—puts its best foot forward when it's drawing on the Live Power that's packed in Standard's great 1935 gasolines—

Snowy Owl Great Hunter
Unlike most other owls, the snowy owl hunts both day and night. It is keen of sight and unusually wary. Living as it does, in an open country, it is wary of approach. It is usually seen perched on a hummock, fence post, haystack, or even deserted building, and cannot be confused with any other bird. When it comes in great numbers it is likely to take a heavy toll of both song and game birds, as well as fish.

Once Richest Spot
Port Royal, the small town at the entrance to Kingston (Jamaica) harbor, was once a city of considerable size. It was the headquarters of the buccaneers and at that time "the richest spot in the universe," as well as the wickedest. It is now a military station with highly interesting historical associations. Nelson was in command there in 1779.

S. Navy, even to the far-away planet of Mars in a space ship!

There'll be true adventures among the lions and chimpanzees of Africa and Captain Carl von Hoffman, famous explorer and ethnologist. In addition there'll be stories about the favorite characters of a million boys—Bonehead Tim Tierney, detective; Square Jaw Davis, engineer;

Hide-rock the red-and-gold color. Connie Morgan and Douglas Morrow.

There'll be vocational stories that will help the reader select his life work, advice on hobbies, sports tips from famous coaches and players, money-earning suggestions, vacation hints, and worthwhile contests.

Panics Favor Autumn
It seems that most panics occur in the autumn. Black Friday, one of the worst in September, 1898, and the panic of '73 started in September. The 1907 panic was in the autumn. An exception was the beginning of the 1920-21 depression, which broke in April. The panic of 1929 began in October.

BONDED LABEL GUARANTEES GRADE

The Michigan Bonded Label not only offers both the retailer and the consumer a means of identifying quality products, but further guarantees the grade of the produce by an indemnity bond of \$500 which is held by the Department of Agriculture to compensate the purchaser for any loss which might be involved due to misrepresentation of grade.

The mark of distinctive quality which is available under the Michigan Bonded Label Plan offers the Crawford county producers of quality potatoes an opportunity to market their produce distinctly in the class of good quality and will prevent its being mistaken for poorly graded stock of inferior table quality.

Any grower or shipper of potatoes may make application for the use of the Bonded Label by signing the agreement form provided by the Department of Agriculture and enclosing the application fee of \$1.00, together with an indemnity bond for \$500.00. The cost of the bond is \$5.00 and may be secured through local insurance agents.

For further information write direct to James F. Thompson, Commissioner of Agriculture, Lansing, Michigan or consult your County Agricultural Agent.

MOUNT CLEMENS SANITARIUM A NATIONAL CHARITY

The world-famous Mount Clemens mineral water will be applied in the treatment.

Governor Frank D. Fitzgerald will be there on August 22 to participate in a civic celebration and inauguration of a national drive for funds. Every Mayor, Village President and City Manager in the State of Michigan has been invited to this city on that day, along with the Governor.

In this manner he will greet the Governor and visiting Mayors and Village Presidents from the state. Legend has it that an old white horse, hitched under a water tank many years ago, soon became spry again through the curative powers of the mineral water which dropped onto him from the tank. The horse is credited with the discovery of the value of the mineral water. Mayor Westendorf, in his bath robe, will head the bath robe parade of business men. This will be the second appearance of the famous bath robe parade which gained national prominence last year.

COUNTY CLERK LAMERS HAS

Fresh from one of our own local citizens comes a fish story that even "sounds" fishy, even though there were eye witnesses whose mothers taught them at a very tender age the merits of telling the truth, the whole truth and nothing BUT the truth.

It seems that Mr. and Mrs. George Annis and our own County Clerk (Axel Peterson to you) accompanied by Mrs. Peterson and her parents, Mr. and Mrs. Herbert Parker, and also by Mr. and Mrs. George Mess of Riverview, drove over to Northport, Sunday, and the men embarked on one of these fishing boats at Sutton's Bay. You pay so much a load for the trip and get an experienced fisherman thrown in to see that you are taken to the most likely spots and at the same time will be handy if you need help in bringing the fish. He also "gafts" them for you.

To George goes the credit of landing the first trout—and it was a beauty, too. An eight pound one. However, when he was feeling especially good over his catch, our County Clerk hooked one that made the other look pretty "sick." Weighing 13 pounds and 11 ounces, and measuring thirty-two inches in length the big fellow put up a fight that lasted half an hour and was played through a 300 ft. area of water which was about 125 ft. deep. It is needless to say that Axel is pretty proud of his conquest especially since he also landed another trout that weighed 8½ pounds. He has the envy of all his friends as well as the skepticism.

Further, as "Ify," Detroit's greatest sports writer, would say if he were here, "if the doubting Thomases don't believe the story, they can go over to the house and view the monster, which is lying in a regal but cramped state in the family refrigerator, - if it hasn't already been consumed, and if such is the case they can wait and see the snapshot that has been taken of Mr. Peterson and the fish—IF it didn't break the camera."

I might add that the press, feeling impressed but dubious, called on Mr. Peterson at his home and hereby swears that this is a statement of the truth. However, we don't want our local fishermen to feel that this is just something you read about because as it happens, fish grow large in Lake Michigan and even larger ones have been landed. One man caught one last week, which weighed 40 pounds. Anyway, as Mr. Peterson says, "The big fellows don't always get away!"

ARE YOU A SAFE DRIVER? ... ask yourself these questions

1. Which requires greater caution—a curve to the right or a curve to the left—and why?
2. What is the safest way to handle your car on a highway curve—when do you use the brakes—when do you throw out the clutch—when do you accelerate?
3. In rounding a curve at high speed, is it safer to hold the steering wheel steady or "jiggle" it?
4. In passing another car on the road, is it safer to make a short, quick swing around, or a longer, more gradual one—and why?
5. On a slippery or icy road, your rear wheels suddenly start skidding. What is the way to bring the car out of the skid?
6. When is it safe to pass another car on a hill?

Even the most experienced drivers seldom know the correct answers to these questions. And there are several additional safety questions that every driver should be able to answer. Get them all, and get the right answers, from the nearest Hudson and Terraplane dealer. Come in today.

A Thoughtful Legislature has made an earnest effort to lighten your tax burden

EVER since the immortal Gettysburg Address, the accepted standard for American government has been "of the People, by the People, for the People."

This applies to the matter of taxation no less than to other functions of government.

So it is entirely natural that the Legislature of Michigan has had the People of this great state in mind when it has taken certain measures to lighten the tax-burden of our citizens.

It is now the part of good, loyal, co-operative citizenship for the tax-payers of Michigan to take fullest advantage of the provisions that have been passed for their benefit.

Not only has the Legislature made generous concessions in the matter of interest and penalties, but it has also provided a convenient plan whereby taxes for 1932 and prior years may be paid over a period of time. There are indeed few tax-payers who can not now protect their homes by paying their taxes.

You can now pay up this important obligation just as you pay for a home or an automobile or furniture; putting aside a little each week or month, and then making an annual payment equal to one-tenth of the amount of your delinquent tax. On the ten-year plan you pay only a small carrying charge for this privilege.

Get in touch with your County Treasurer right away. He is prepared to accept payment of your back taxes either in full or on the ten-year plan. Bring him your old tax bills or the legal description of your property. But don't wait until the last-minute! Act now and avoid the last-minute crowds.

BY ORDER OF THE ADMINISTRATIVE BOARD.
